BRIEF ABSTRACT OF LETTER.

Submits proposals to place the officers with Foreign qualifications into a separate list and also to fix the number of such officers to be taken into the several grades in the Medical department.

NOTES AND ORDERS.

London or England, however high they might happen to be. Thus he says "Candidates possessing the L.R.C.P. & other degrees of the various Universities of Scotland & Ireland will only be entertained on Rs. 80 to begin with like local Medical Graduates". Surely, M.D. or F.R.C.S. even of these Universities cannot be considered as equivalent to L.R.C.P. of the same Universities or the L.M.S. or M.B.B.S. of Indian Universities.

If it is proposed to lay down an evaluation of foreign qualifications, it would be better to have the question threshed out by a Committee of Officers acquainted with Indian & European schools.

With the exception of the Senior Surgeon himself and Dr Mylvaganam, all the other Europe-trained officers in our Medical service are young men with many years of service before them and it is doubtful if there will be a free flow of promotion if they are all taken away from the general cadre and put into a separate class by themselves.

(Chief Secy.) 3/8/20.

I fear the solution suggested will not be a complete remedy. It is best to leave the matter more or less open to be dealt with on the merits of each case as it arises

9. Later at the same meeting (on the 17th May 1920) the proposals made by me for effecting retrenchments in the Sanitary Department were considered. One of the proposals is that the post of District Medical Officers in Bangalore and Mysore Districts be abolished. The Council in accepting these proposals has noted as follows:–

"Two places in the cadre of Asst Surgeons to be
"kept open to absorb the Dt. Medl. Officers of Bangalore
"and Mysore. Promotions proposed in the other
"file (CB 66–20) to be modified."

10. Of the two places of Dt Medical Officers one has become vacant on account of the unfortunate death of Mr. Kuppuswami Mudaliar and his place will not be filled up. The other place of Dist Medical Officer (of Mysore) will be absorbed on the retirement of Mr. V. Abbay Naidu, Surgeon, on the 18th July 1921.

11. The retrenchments proposed in the Sanitary Department also involve the reversion of Mr. Fernandez, Health Officer of the Kadur District, to the

the Medical Department As against this however there is a vacancy caused by Mr. B. Ramaswamy Iyengar, Asst Surgeon, 2nd grade not joining his appointment. Recently the appointment of Mrs Saldanah Fernandez has been sanctioned as Asst Surgeon of the second class. This involves an excess of one in the cadre of Lady Medical Officers, which may be treated as an addl. appointment of Asst Surgeon, Second grade, against a vacancy in the grade of ~~the~~ Lady Apothecaries - vide para 5 of G.O. No. G. 1964-74 & 27th July 1920. Med 52-19-3

The whole question of the cadre of Medical Officers has to be re-examined and this will be done at an early date in consultation with the Senior Surgeon.

Sir,

I have the honor to state that clause (iii) of paragraph 1 of G. O. No.G.679-80-Med.69-16-4, dated 13th July 1918, reorganising the medical department, provides for the direct appointment to the higher grades, of men possessing special qualifications, by which is generally understood, qualifications obtained in foreign countries. It must no doubt be admitted that such direct recruitment to higher appointments in the department is occasionally necessary in the interests of the efficiency of the department. At the same time it cannot be denied that each such appointment in the higher grades amounts to a deprivation of the chance of promotion of locally trained medical graduates and, as has been represented to Government by my predecessor in office, recent appointments of certain individuals with European qualifications to higher stages of the Assistant Surgeons' Grade have created a great deal of heart burning among the local men.

To remove this cause of heart burning I propose to put the officers with Foreign qualifications into a separate list and also to fix the number of such men to be taken into the several grades as follows:-

It is not every foreign qualification that counts for professional efficiency. For instance, the L.R.C.P., L.R.C.S., of the Edinburgh and Glasgow Universities are

Sir,

the maximum pay of the scale, viz., P. 360/- when there will be an efficiency bar. They will take their chance of promotion to the Surgeons' Grade along with the locally trained 1st Grade Assistant Surgeons, on grounds of merit.

The Second Grade of Assistant Surgeons will be recruited from the cadre of Medical Graduates who are, as it were, probationers for appointment as Assistant Surgeons. Candidates possessing the L.R.C.P. and other degrees of the various Universities of Scotland and Ireland will only be entertained on Rs. 80/- to begin with, like local medical graduates.

There are 16 Surgeoncies sanctioned by the Reorganisation order and an additional Surgeon for the Krishnarajendra Hospital has been sanctioned in G.O. No: 2807-C.B. 273-19-3, dated 29th June 1920, making the total number of surgeoncies 17. Of these, two have to be reserved for the Womens' Branch of the service. Of the remaining 15 Surgeons, I propose reserving five places or one-third to men possessing special Foreign qualification and ten to locally qualified officers.

Of the sixteen 1st Grade Assistant Surgeons, reserving three places for Lady Officers, I would divide the remaining 13 places giving 4 to England trained men

and 9 to local men.

Europe trained men with other inferior qualifications will be mixed up with local medical graduates and take their chances with the latter, viz., started on Rs.60/- and get into the 2nd Grade of Assistant Surgeons on the occurrence of vavancies.

Thus, there will always be 8 places always 9 reserved for Europe trained men of high qualifications and vacancies occurring therein will always be filled up by advertising the same and selecting the best available.

Local candidates could only fill any of these vacancies temporarily till Europe trained candidates become available.

These proposals while affording sufficiently attractive chances for really good Europe-trained hands, provide fair prospects to local men and are expected to ~~xxx~~ remove causes for heart-burning or dis-satisfaction.

I ~~submit~~ Submit them for the orders of Government,

I am to add that the retrenchments sanctioned ~~pertaining~~ in the Finance Dept also involve the reversion of Jnr Fernandez, Head Native Master, to the Medical Dept. As against this there is a vacancy caused by Jnr B. Ramalingam Iyengar, Asst. Surgeon, 2nd grade, not joining his appointment. The appointment of Jnr Fulchandra Fernandez has been sanctioned as Asst. Surgeon 2nd class. This involves ~~an~~ excess of one in the cadre of Lady Medical Officers, which has to be treated as an additional appointment of Asst.
